

## SEMINARS

As a sport oriented association, the SCSC seminar commission (The JO), organizes not only seminars that make you learn (world class lecturers), but also move (skiing, downhill bike, golf, mountain bike, climbing, walking, bowling...) Friendly atmosphere, fun, good meal and housing also belong to our educative events

## SPORT EVENTS

The SCSC provides chiropractic care at sport events. We already officiate at regular events such as the Vidy Beach Volley, the Lausanne Marathon and Athletissima, we plan to expand our involvement nationwide with your help.

## SWISS CHIROPRACTIC SPORTS COUNCIL

Where Swiss Sport Chiropractors Meet

MEMBER OF FICS

The Swiss Chiropractic Sports Council (SCSC) is a national organization founded in 1996 by four Swiss chiropractors: Drs Noirat, Picard, Zahner and Golay with the aim of uniting Swiss sports chiropractors.

## SCSC

At the time of this publication the membership accounts to 58 chiropractors. This represents more than 20% of all Swiss chiropractors, probably near a world record.

The SCSC is a full member of FICS (Fédération Internationale de Chiropratique du Sport), to which it provided a President (Roland Noirat), a Secretary General (Roger Picard), a Treasurer (Christoph Wegelin), and a still active Chair of the Communication Commission and a Member of the Executive Council (Philippe Roulet).

The only requirement to join the SCSC is to be a member of ChiroSuisse.

SCSC Executive Council	
President	Jean-Pierre Cordey
1st Vice President	Marc-Antoine Zurkirch
2nd Vice President	Maurizio Noseda
Treasurer	Christophe Wegelin
Secretary	Marina Da Costa
Member at large	Emilie Leonard
Past President	Roland Noirat

## FUTURE

It is very important for the SCSC that the Executive Council reflects the multiplicity of our country.

Most of the Board members have been officiating for many years. Renewal is on the agenda. As of May 2014 we have a new president and we would like to keep the momentum and welcome new members on the Board. In case of interest just get in touch with anyone of the committee.

## GOALS

The SCSC shares the same goals as FICS but at the national level.:

1. to ensure that all athletes in all sports have access, when needed, to the specialized skills of chiropractors as part of their sport health care
2. to promote excellence in postgraduate education and practice in sports chiropractic
3. to represent the chiropractic profession in sport nationally
4. to ensure that the highest level of professionalism is displayed by its member
